Farnham Cycle Campaign Annual General Meeting

Looking ahead to the coming year
and a brief review of last year

Annual General Meeting: 2025 agenda

1. Introduction from the Chair
2. 'WBC Farnham Cycle Network Update'.
Thomas Lankester, Sustainable Transport Projects Officer
3. Review of the previous year
4. Financial Report & Constitution
5. Election FCC Officials
6. Any other business

The year ahead promises to be both
challenging and full of opportunity for
shaping the future of transport and
mobility in our town

Peter Goodman, FCC Chair

Key Theme: Change & Opportunity

Key Themes: 2026

 **FIP Developments** to road system in the town centre

 **Local elections** offering influence and accountability

 **Critical decisions** on active travel and cycling
infrastructure - LCWIP update published at last!

A The 'New' Town Centre

Finished Infrastructure, New Problems

- Apart from a small restriction in The Borough, car infrastructure is effectively complete.
- This means "as good as it gets" for drivers, likely leading to growing frustration either from drivers or businesses.
- Our Opportunity: Shape the public conversation toward sustainable transport and active travel alternatives.

Local Elections: A Chance to Influence

Local Elections: Our Role

Engage and Advocate

Upcoming elections bring a chance to engage councillor candidates on transport priorities. We can:

- Highlight results of the 5 surveys
- Remind councillors that people want a transport choice

The Updated Cycle Plan

LCWIP and the Feasibility Studies: Our Role

LCWIP Release after 20 month delay

Next Step: FIP to decide which routes to bid for funding.

Our Role:

Stakeholder consultation?

Prevent unnecessary delays or excuses.

Call to Action

Let's use this year to turn
frustration into momentum, and
plans into progress!

Questions on the Introduction?

WBC Farnham Cycle Network Update:

Thomas Lankester

Sustainable Transport Projects Officer

Summary of FCC in 2025: **Key Areas**

- Getting the Community Moving
- 'Give It A Go' campaign
- FCC Facebook campaigning

Getting The Community Moving Through Sustainable Transport

Dr Bike in Gostrey Meadow- May and July 2025- teaching a young Dad to fix a trailer for his kids and young people how they could fix their bikes. Many thanks Hoops Velo Ltd

E-bike for 2025

Several loans to local families.

Future plans

- Collaboration with Hoops Velo over Dr Bike workshops in the community.
- Campaign to improve the Hale Trail in Farnham Park for all users
- Campaign to encourage more Health Workers at the Farnham Health Centre to travel by bike

Local Planning Applications:

Cycle access feedback to councils

- Peter S has been reviewing medium and large scale planning applications
- 'Support' or 'Object' responses provided via council websites with recommendations
- Needed at the Outline Planning stage to avoid another 'Coxbridge' - 320 homes no cycle access to the town

Review of Waverley Planning Applications

- One of the ways we can promote cycling, and indeed active travel generally, is to influence the planning process, particularly for larger developments, whether they are domestic or commercial.
 - This allows us to provide written input to the consultation phase of such developments, particularly about cycling infrastructure on the proposed site, the immediate access to the site, or its wider links into the local transport networks.
- We would urge all supporters, and residents in general, who are aware of any new proposed development that they think we in the cycling community should be aware of and provide constructive comment on, to let us know at the Farnham Cycle Campaign.

Response to the Town Centre Project: 'Give It A Go' Campaign

Objective: asking locals to try cycling into town during the roadworks.

Funding: £386 grant from Cycling UK.

Media: 100s of leaflets in shops, 3 town centre banners, several Facebook paid campaigns, Herald articles.

Results: Many more people cycling. SCC CCTV stats requested.
