WBC Farnham Cycle Network Update

Farnham Cycle Campaign AGM,

16th November 2026

Waverley BOROUGH COUNCIL

Context - Waverley Borough Council's Carbon Neutrality Action Plan

"We're the first generation to feel the impact of climate change and the last generation that can do something about it."

Washington Govenor, Jay Inslee (2014)

Farnham update (2026)

Key progress

1. Local Cycle and Walking Infrastructure Plan (LCWIP) – addendum published, Stage 2 design preparing for public consultation

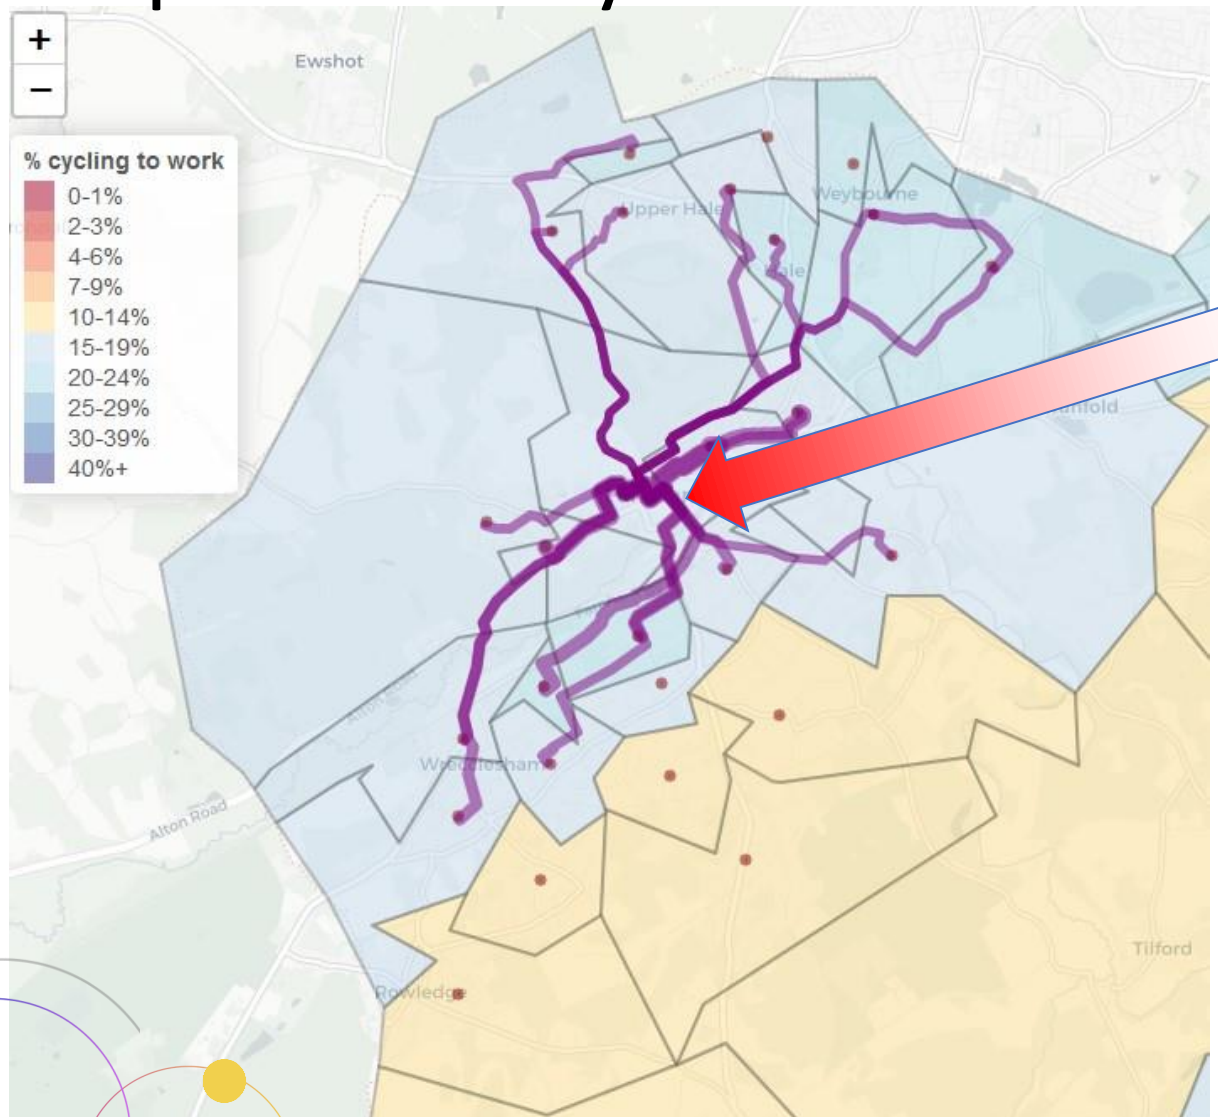

2. Scholars Greenway – Six Bells to Farnham Park, Monkton Lane / Weybourne Road

3. Hale Trail Greenway – feasibility design work

4. Weyside Greenway / NCN 22 – Weydon Lane to Abbey Street, South Street to Riverside, Kimbers Lane, Guildford Road

Farnham LCWIP

Farnham top 20 commuter cycle flow corridors – link @ town centre

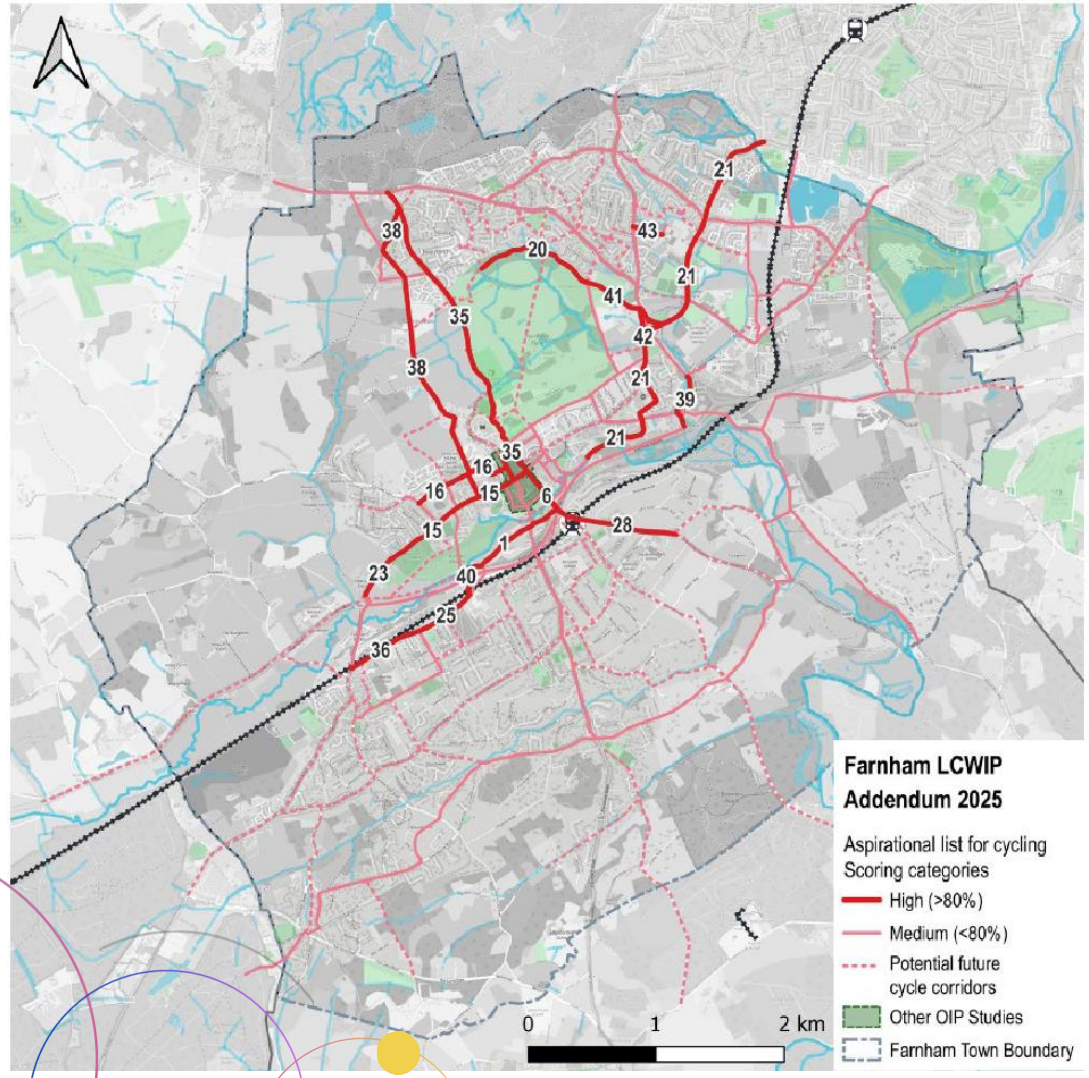

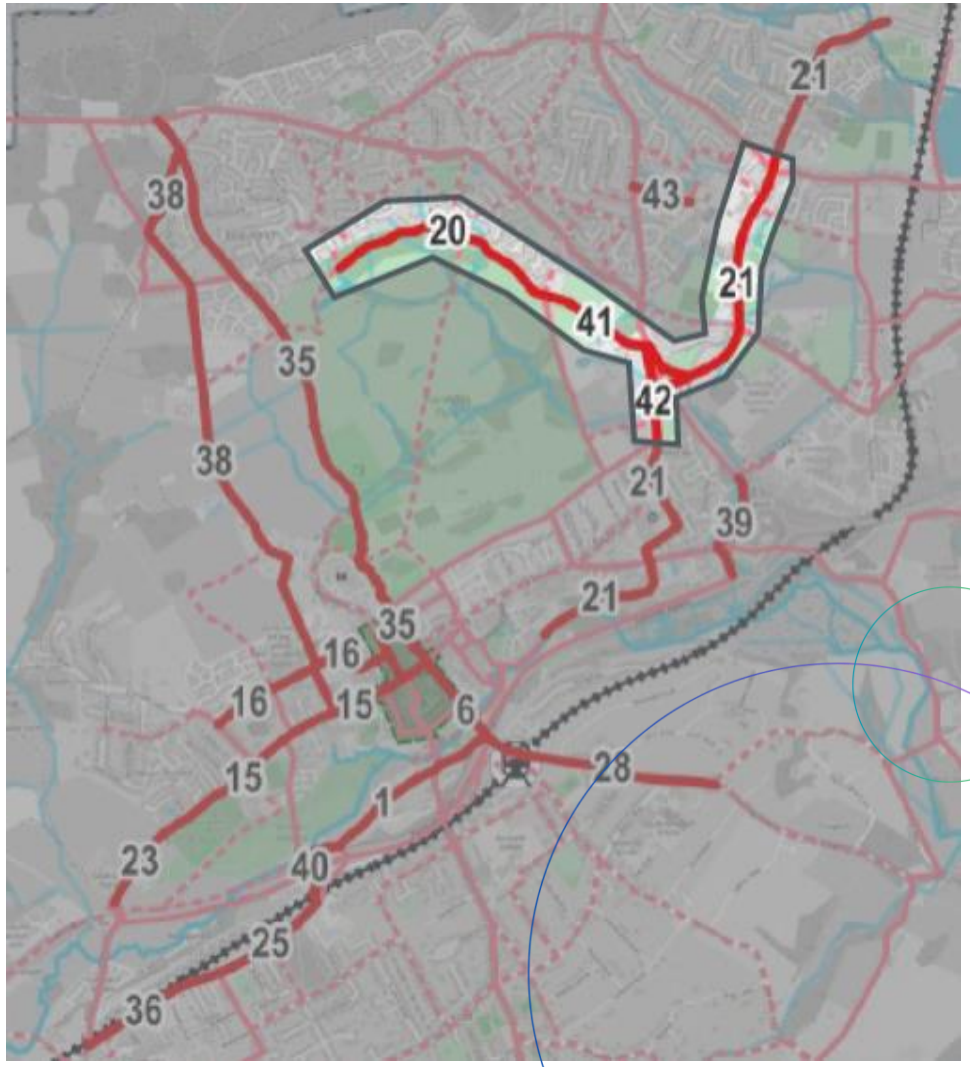

Farnham Infrastructure Programme's town centre project has no tracks segregating cycles from heavy traffic

Farnham LCWIP

4 priority routes underwent detailed feasibility design and costing:

Scholars Greenway developments

Monkton Lane development

‘Deer Park’ development

Pottersgate School street

Covered under LCWIP Priority 1 design work

Scholars – Hale Trail Greenway link

Weybourne Road crossing by Monkton Lane

Scholars Greenway - resignage

Additional signage is needed for the new / upgraded section of route c/o the diversion the Deer Park development. This has created an opportunity to replace the faded and missing 9cm roundel waymarks originally put up in 2011.

New route signs, diverting cycles from the narrow path from Farnham Park to 6 Bells Pub:

150mm diameter aluminium discs with reflective backing and gloss encapsulation

Scholars Greenway - resignage

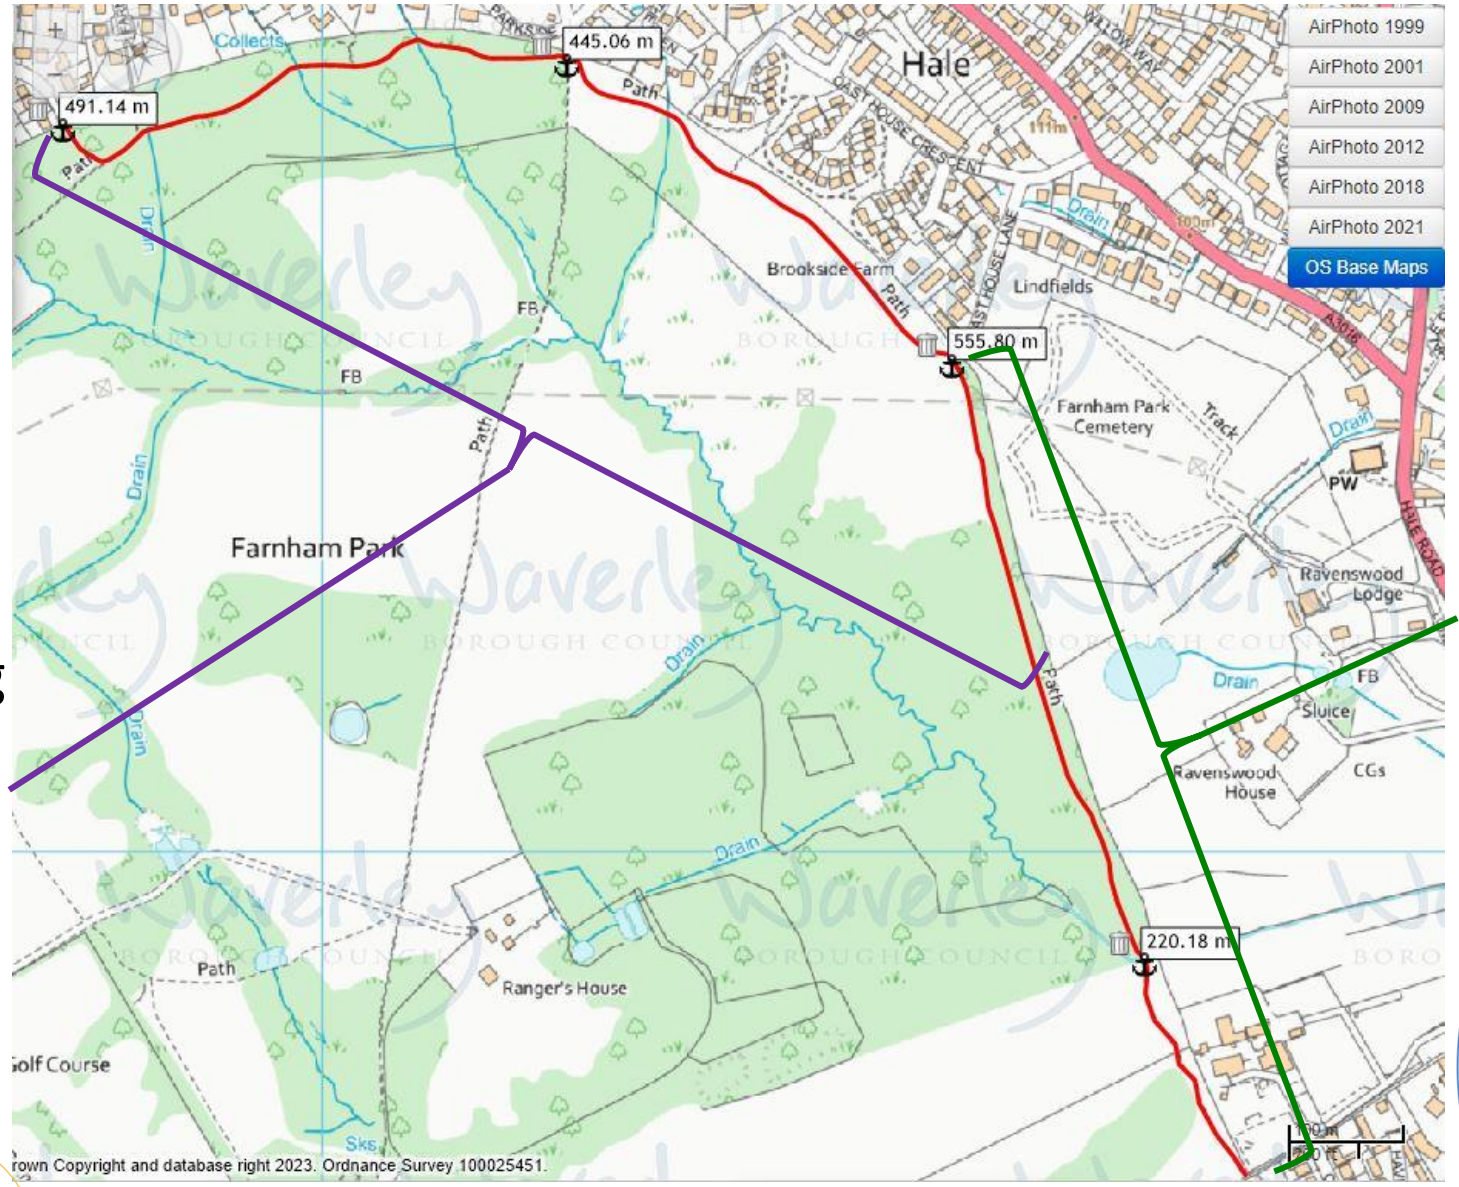

Additional signage is needed for the new / upgraded section of route c/o the diversion the Deer Park development. This has created an opportunity to replace the faded and missing 9cm roundel waymarks originally put up in 2011.

Replacement waymarks for rest of route upgraded with reflective backing and 114mm diameter:

Hale Trail Greenway developments

Design & costing covered by SCC as part of LCWIP Priority 1

Covered by WBC under design & costing MoU with SCC

Weyside Greenway / NCN22 developments
